Various Scriptures The G.O.S.P.E.L. Speaker: Kurt Roberts

SUMMARY

What is the Gospel and how do we share it? For many, we would look to Matthew, Mark, Luke, or John knowing that they are the Gospels of Jesus, but what about the rest of the books? To understand the Gospel fully, we need to understand from the beginning the character of God, how He created things to be, and how He desires to be in relationship with His creation. The Gospel is God, Our, Sins, Paying, Everyone, Life.

INTRODUCTION

Read Genesis 1–3. What do you see? What stands out?

DISCUSSION

Kurt shared what the Creation Story was all about. Verbalize that as a group and ask why do we need to start there in understanding the Gospel?

- What about Genesis 1-3 does not make sense? Ask the group about the key characters and their role in the story.
- Because God wants a personal relationship with His creation and creatures, what marks this relationship for the Christ-follower?
- Being a new creation, what does the Christian journey demand of our past, present, and future?
- Which Bible passage that Kurt shared meant the most to you?

THIS WEEK:

- Share the creation story with someone and tell them what it means to me.
- Commit to writing down my thoughts this week related to one of the Bible passages in Sunday's sermon.
- Memorize the acronym for the G.O.S.P.E.L. from Sunday's message.
